

Your New LCLC Card

What You Can Do At LCLC Libraries

1. Check out books from any of these libraries and return those books to any of these libraries as well. (Remember that loaning periods, fees, and other policies may vary by library, so remember to ask about those.)
2. Put a book on hold at any of these libraries.
3. Access library databases and electronic resources from home. (Go through the website of your home library and use the number on the back of your card as your user ID.)
4. Access your account from home to check your borrowing record (once you've enabled that feature), renew items, and more.
