. There is a major threat to not only Earth but the entire universe. Iron Man, Thor, the Hulk and the rest of the Avengers unite to battle their most powerful enemy yet -- the evil Thanos. This threat is especially real if Thanos gets his hands on every Infinity Stone, his mission is to collect all six Infinity Stones. The stones can make Thanos 100% unstoppable when even the Hulk doesn't stand a chance against him when he doesn't have the stones!
